## REPRESENTATIVE SPORT

With a number of events being cancelled in 2021, ANU Sport had a quiet year of representative sport. There was not the full compliment of Nationals events with Snow and Div 1/Div 2 being cancelled. We also had to move the Blues Awards campaign online again due to venue restrictions. We did however have a successful Olympic year with ANU students representing Australia.

	STUDENTS	TEAMS	SPORTS
Canberra InTRlvarsity	22	2	2

# PRESIDENT'S REPORT

JACQUI WILLIAMS

2021 was another challenging year for ANU Sport, largely due to the impacts of COVID-19. However, we all worked hard to be able to safely re-open our facilities and re-commence programs and activities for the benefit of our members and the broader community.

It was fantastic to be able to re-open in the first half of the year and see club, gym and fitness activities resume. Our gym memberships increased around 7%, even with the imposition of density limits. We thank our members for working with us to manage bookings, and our clubs for being proactive in managing their COVID safety plans, to enable us to facilitate activities on campus. With things getting back to normal, it was a shame to curtail services impacted by the lockdown from August to October, particularly as the return to activities on campus was slow in the tail end of the year.

As anticipated, we ended 2021 in financial deficit. However, owing to the careful management of our finances, ANU Sport achieved a better

position than what we had anticipated in our budget. I want to thank our management team, the Board and the Finance Committee for their contributions to this result. ACT Government grants, JobKeeper payments and the continued recognition and support from the ANU through SSAF funding were also critical to maintaining our financial position. We could not operate without the support of our members, the university and our management team.

Despite the challenges in 2021, our members have continued to achieve impressive results! For example, in rugby, Will Sankey won the MacDougall Medal for the most outstanding player in the Premier First Grade, Watson Blaikie was recognised as the ACT Volunteer of the Year, Sam Rolfe won the First Grade Coach of the Year and, at the UniSport Indigenous Nationals, Izayah Davis won the Touch Football competition Most Valued Player award. In May, the ANU Australian Football Club celebrated their 60th anniversary with a wonderful weekend of events, impressing even the Vice-Chancellor of the ANU.

ANU Sport is proud to have supported our members through another difficult year by awarding over \$200,000 of grant monies. We also implemented UniOne, our new customer management system, to improve and streamline our interactions with members (including memberships, voting and grant applications). Our management team offered an impressive 100+ hours of training and support to facilitate the transition to the new system.

## **“2021 WAS ANOTHER CHALLENGING YEAR FOR ANU SPORT, LARGELY DUE TO THE IMPACTS OF COVID-19”**

Another key focus in 2021 was promoting diversity in our organisation and service delivery (in line with our Diversity and Inclusion Framework). For example, ANU Sport became a member of Pride in Sport, a nation-wide sporting inclusion program; we published our Member Protection Policy, to help our community operate in a safe and supportive environment; and we rolled out a suite of training programs for our staff and community.

We also continued working on a strategic

initiative to better embed our organisation with the university. In 2021, we engaged in over 50 hours of consultation with our members and clubs to work through the current challenges we face as a separate entity to the university and to consider the benefits of becoming more structurally aligned with the university. Feedback from these consultation sessions was shared with the Board and Steering Committee and, together, we have developed a set of principles that we hope will guide our journey with the ANU on this strategic project. I look forward to driving this project forward in 2022 – and am confident that by integrating our governance and operations with the ANU more effectively, we will enhance the experience of students and community members, and further the purposes of both the ANU and ANU Sport.

## **“ANOTHER KEY FOCUS IN 2021 WAS PROMOTING DIVERSITY IN OUR ORGANISATION”**

I would like to thank the ANU Sport staff, in particular our Chief Executive Officer, Katrina O'Mahony, for their commitment to reinvigorating ANU Sport activities on campus. I also wish to

## **“DESPITE THE CHALLENGES IN 2021, OUR MEMBERS HAVE CONTINUED TO ACHIEVE IMPRESSIVE RESULTS!”**

thank my fellow Board members for their critical thinking, consideration for the health and safety of our members and contributions to the strategic direction of our organisation. And, of course, I would like to thank the continued loyalty, support and dedication of our members and volunteers, without whom we would not be able to achieve the things we do.

With a return of students and staff to campus in 2022, we look forward to ANU Sport activities on campus and sporting facilities returning to their usual vibrancy! I wish our CEO, Katrina, and her partner Joe and new baby twins all the best for this exciting new chapter in their lives. On behalf of the Board, I welcome Kathleen McCaskie to the role of acting CEO, and express our confidence in Kathleen to continue to guide our organisation in good stead in 2022.

# CEO'S REPORT

KATHLEEN MCCASKIE

ANU Sport commenced 2021 with the COVID-19 pandemic still having a major impact on operations. Following the significant disruptions of 2020 and the campus slowly reopening, ANU Sport played a vital role in supporting our community to return to sport and fitness in a safe, inclusive and compliant environment.

Despite many COVID protocols remaining in place at the beginning of 2021, the lessons learnt in the previous year ensured ANU Sport was well-positioned to reopen and welcome students and the community. Working closely with the University to maintain compliance with COVID requirements, our community rallied with Clubs, programs resumed in the first semester and the fitness centre membership began to recover from the impacts of the previous year. Unfortunately, second semester was hit with a further lockdown, halting all activity for close to three months. We were able to resume activities prior to the end of the year, however a noticeable absence of people on campus had a further adverse impact on our operations. We would like to thank our community, particularly our Club volunteers, for continuing to follow COVID restrictions and protocols to ensure sport and recreation could continue throughout the year.

Significant improvement within our Club operations occurred with the introduction of the UniOne Membership Management System to support Club Administration and membership reporting, in addition to finalising a new Grant Structure to better support the individual needs of our Clubs. Significant focus was placed on providing participation opportunities for students and the campus community with a resumption of Get Active programs including short course, social sport and College-specific programs taking our activities into the campus community. After a significantly reduced Intervarsity program in 2020, it was wonderful to offer Canberra and Sydney-based participation opportunities for students and most notably, in collaboration with ANU Tjabal Centre, to send an Intervarsity team to the Indigenous Nationals in Newcastle.

We pride ourselves on providing a safe and inclusive space for the community on campus and have prioritised this commitment through the development and implementation of our Diversity and Inclusion Framework, and joining the Pride in Sport network. As part of our Framework, we published our Member Protection Policy and Zero Tolerance Statements, while also introducing a variety of training opportunities and professional improvement initiatives to our staff and community including ALLY training and through working with the ANU Respectful Relationships team.

## **“ANU SPORT PLAYED A VITAL ROLE IN SUPPORTING OUR COMMUNITY”**

Our community celebrated success locally and on the international stage, with many local achievements across our Club community which can be found in each of our Club reports. International achievements were realised at Tokyo 2020, with Caleb Antil and Luke Letcher achieving a bronze medal in the Men's Quadruple Scull, while Kathryn Ross and her coach Renae Domaschenz represented Australia at the Paralympics. Sporting achievements of current ANU students in 2021 in the form of national or international sporting selection were also recognised with 16 individual Blues awarded from nine sports and 12 Half-Blues awarded from five sports.

Our major strategic focus saw the commencement of a Business and Governance Review that will ultimately see ANU Sport better integrated within the ANU community and positioned to provide a better service to students and other stakeholders. Through this project, we have highlighted several operational opportunities that will enhance our ability to support the University's strategic outcome of providing a world leading University experience for students on campus. Many thanks to our Steering Committee, Board and community who have contributed significantly through consultation sessions and meetings to guide our recommendations and shape our strategic future.

## **“OUR MAJOR STRATEGIC FOCUS... WILL ULTIMATELY SEE ANU SPORT BETTER INTEGRATED WITHIN THE ANU COMMUNITY”**

The impact of another challenging year resulted in 2021 ending in financial deficit. Thanks to the continued support from the University through our SSAF allocation, additional Jobkeeper payments and CashFlow grants from the ACT Government, and careful management of our finances, ANU Sport managed to reduce the deficit significantly below the budgeted amount

while also providing basic upgrades to some of our facilities including bathrooms in the pavilions and painting of the Fitness Centre. Financial recovery will continue to be a focus for ANU Sport in the hope that re-engagement with our community will enable us to sustain our future.

Finally, I would like to thank the Board of ANU Sport for their continued guidance and support offered throughout another challenging year, particularly our President Jacqui Williams, Vice-President Kyle Wood and Treasurer Neil Parsons. To our volunteers and wider community of members and participants, your dedication, support, and passion is at the heart of ANU Sport's success, and we look forward to the return of vibrant program of activities this year. I wish also to acknowledge the team at ANU Sport for their ongoing support and commitment to deliver our programs and services and to facilitate connections within the campus community through health, well-being and sport. I am extremely proud to be leading a team of such committed and engaged individuals always eager to drive our organisational goals. Over the last few years, we have been privileged to be led by our CEO Katrina O'Mahony. Katrina has now taken a well-deserved year off to welcome her new twins with her husband Joe. In her absence, I am extremely grateful for the opportunity to guide our organisation into a new year and look forward to an exciting future.

# TREASURER'S REPORT

NEIL PARSONS

The SRA (Sport and Recreation Association) made a \$135,250 loss in 2021. This is a large number but is much less than the \$325,451 we budgeted for at the beginning of the year. This follows three years of surplus. The last four years have been very challenging and have really tested the ANU community. A direct competitor to the SRA opened almost next door, a bushfire and hailstorm caused damage and closures, and of course two years of COVID. The lockdown from the middle of August to the end of October meant many people didn't return to campus until February 2022. The good news is the SRA is in a strong enough financial position to absorb a one-off loss of this type due to its healthy balance sheet with money in the bank and low levels of debt.

We continued to receive SSAF funding and additional assistance from ANU. We are grateful for the support provided, given the difficult economic climate universities have faced in the last two and half years. Unlike universities, the SRA has been eligible for Government Jobkeeper and cashflow grants. However, these were at a lower level than in 2020. In 2021 we received

\$281,040 less than the previous year. The fitness centre revenue increased by about 6% but is still operating at about 60% of pre COVID levels. With the lower numbers on campus and the lockdowns, the SRA took the opportunity to do a variety of repair and maintenance tasks. There were bathroom improvements in the pavilions and the boat house, and the Fitness Centre was repainted by the SRA staff. These were all necessary, but it meant there was a \$75,310 increase in R&M expenditure compared to the 2020 year. The lower level of activity during the year has meant that we did spend \$143,536 less than last year on salary and wages.

COVID has made it more difficult for both the SRA staff and the volunteers who run our Clubs. These are the two groups who make it possible for there to be such a vibrant and wide choice of sporting and recreational opportunities on campus. 2021 was a better year than 2020 but it still needed both SRA staff and Club volunteers to constantly adapt and respond. Both groups went above and beyond what our members can reasonably expect. I think it is important we acknowledge this.

**“THE SRA IS FORTUNATE TO BE IN A STRONG FINANCIAL POSITION AND HAS GOOD RESERVES”**

It will still be some time before campus life goes back to something approaching normal, but the SRA is fortunate to be in a strong financial position and has good reserves. I am optimistic about the SRA's future.

I would like to thank our CEO Katrina for guiding us so ably through last few years. She is currently on parental leave for 12 months and we wish her well. I would also like to thank our interim management team, acting CEO Kathleen McCaskie, Paul Hooper and Jonathon Painting and the SRA staff for their efforts on our behalf. They have a great team culture and are very dedicated to the SRA, often working above and beyond what we expect of them. It is a pleasure to work with them and the SRA is very fortunate that they chose to join the SRA.

**CLUB REPORTS**

**REGISTERED MEMBERS**

**50% STUDENT**

The ANUAFC is a volunteer-run club, providing a safe, friendly and social environment for over 140 students and non-student members to partake in AFL. Fielding two men's teams and a women's team in Community Grade AFL, the ANUAFC has had an extremely successful history. Since its foundation in 1961 the Club has won a combined 20 premierships, as well as numerous other finals appearances across all grades in the AFL Canberra Competition.

With extensive collaboration with AFL Canberra and other clubs, a shortened 2021 season was able to be run, despite the heavy restriction imposed by the COVID-19 pandemic and heavy rainfall in Canberra resulting in extensive oval closures. As a result of the ACT lockdown due to COVID 19, the 2021 AFL Canberra finals series was not run. All three ANUAFC teams finished the 2021 season as minor premiers. Both our senior men's team and women's team remained undefeated for the entire season. This is a massive achievement for the club.

ANUAFC partnered with KJR to continue the Women's AFL Leadership Scholarship. The scholarship was awarded to Iman Koutsoukou. The Geocon scholarship concluded with the graduation of with Eloise McLean. In return for studying and playing football at ANU, scholarship recipients receive a \$5,000 per annum Scholarship from ANUAFC, leadership training within and outside the Club, career introductions and mentoring, and opportunities to represent ANUAFC as a speaker, leader, and women's advocate.

In 2021, the ANUAFC celebrated its 60th Anniversary and the 20th Anniversary of the establishment of our women's team. The club hosted a weekend of events on 21-22 May to celebrate our success both on and off the field over the last six decades. The weekend included the launch of the 60th Anniversary Book Publication at The National Press Club, a tripleheader of games at South Oval against traditional rivals Ainslie, and the 60th Anniversary Gala Dinner, attended by a host of past and current ANUAFC members and included the announcement of both men's and women's ANUAFC Teams of the Decade. The 60th

Celebrations were an overwhelming success. The 60th Anniversary celebrations coincided with Sir Doug Nicholls Indigenous Round where the ANUAFC officially launched their first Indigenous jersey. The ANUAFC partnered with local Nggunawal artists Richie Allan and Richard Allan Jr for the design and implementation of the jersey and artwork. The artwork symbolises ANU campus, Sullivan's Creek and South Oval, as well as the wedgetail eagle, a Nggunawal totem and the club's logo - a Griffin. The colours represent Nggunawal Country, the Territory, the ANU and the ANUAFC all coming together. The design was generously sponsored by QTRBCK Wealth, allowing for the artwork to be commissioned, and for the purchase of three sets of jerseys for each of our teams to wear as both an away strip, and in recognition of the ongoing contributions First Nations Australians make to our community, and the game of Australian Rules Football.

## ACHIEVEMENTS AND AWARDS

- All three teams finished the 2021 season as minor premiers. Both our senior men's team and women's team remained undefeated for the entire season.
- Elizabeth Hill won the 2nd Grade Women's League Best & Fairest.
- Jamie Clough placed equal second in the 3rd Grade Men's League Best & Fairest.
- James Mount placed equal ninth in the 3rd Grade Men's League Best & Fairest.
- Gerad Patron won the 2nd Grade Women's League Coach of the Year.
- ANUAFC maintained its status as a level 3 Good Sports accredited Club.
- ANUAFC retained the Club Championship in a clean sweep against the Ainslie Tricolours.

# AIKIDO

**REGISTERED MEMBERS**

**80% STUDENT**

Due to COVID, the Aikido Club did not hold grading in 2021. This would normally be our main event for the year. Despite this, one of our achievements includes continuing club training during the Spring 2021 lockdown by holding meditation classes over Zoom. This was a new initiative that turned out to be very successful

and enabled outreach to former members or those who had been hesitant to train due to COVID.

Following the ending of the lockdown, we resumed normal training for the rest of the year, continuing to hold meditation whenever possible.

# BADMINTON

**REGISTERED MEMBERS**

**88% STUDENT**

The ANU Badminton Club is pleased to announce that in 2021 we increased the number of sessions hosted this year to cover the entire calendar year, as opposed to sessions held only during the semester. We had 144 members join the club, with many others coming along to try out. The club was fortunate to hold our annual tournament in the weeks before lockdown, at which point the club had a record of 173 participants. Due to the lockdowns in the ACT, this tournament ended up being the only badminton tournament to be held in the ACT for the second half of the year.

In 2021 the club made its first major asset purchase in the form of a professional stringing

machine (a Victor C-3072 Pro). We arranged with our supplier for an older machine to trial until the new one came, and for some stringing guidance, after which our stringers went on full speed. Despite the ACT lockdown affecting our momentum, we have managed to string almost 90 racquets since then, showing the potential this equipment has to improve our revenue streams. Our stringing service is convenient and fast for anyone who plays at ANU, and we have various string and tension options. We give our general members discounted rates, and the machine gives our more dedicated members access to learn to string and to try out many different stringing options to see what works best for them.

# BASKETBALL

REGISTERED MEMBERS

94% STUDENT

Despite several challenges that COVID posed, the ANU Basketball Club had one of our most successful years ever. The men's program was able to enter a Premier League 1 team for the first time and picked up several great wins during the year. Our two Premier League 2 sides saw excellent development and were close to fighting for a finals berth. We competed in the UniSport Nationals 3x3 competition and with very little training finished 10th.

Our women's program clearly had one of their best years ever. A combination of players that have played for the club for several years, a passionate volunteer coach and a couple of exciting new players culminated in our first ever championship! As a club, we are extremely proud of this achievement and what it means for women's basketball here moving forward. We have entered a Premier League 1 team on the back of this success and are looking to expand this program even further. Our women's team at the National 3x3 competition also saw a lot of success and only narrowly missed out on getting a bronze medal.

Our internal program continues to grow from strength to strength and is now facilitating social basketball for more players than ever before. Overall, the ANU Basketball Club had a very successful 2021 and will hopefully have a just as successful 2022.

# BOAT CLUB

**REGISTERED MEMBERS**

**73% STUDENT**

2021 was a landmark year of achievements for the Boat Club's athletes, including three athletes competing in Tokyo and one world record. Key achievements were:

- Student Caleb Antill winning a bronze medal at the Tokyo Olympic Games.
- Renae Domaschrenz and Kathryn Ross competing at the Tokyo Paralympic Games.
- Kathryn Ross winning a gold medal and setting a new world record at the World Indoor Rowing Championships.
- ANUBC athletes winning 7 gold, 3 silver and 3 bronze medals at the Australian Championships.
- ANUBC athletes winning 2 gold and 2 silver medals at the Australian Indoor Rowing Championships.

- ANUBC athletes winning 5 gold, 3 silver and 2 bronze medals at the Australian Masters Rowing Championships.
- The Boat Club winning the ACT Women's Premiership and the Phere Niki trophy for being the top point scoring club at the ACT Championships.

The club kept itself connected throughout 2021's COVID lockdown, with online circuit training and weekly online trivia nights.

The club also contributed to the broader rowing community, with 12 of its members qualified as race umpires. The ANUBC contributed race officials for every local regatta in 2021.

With the help of ANU Sport the ANUBC is now one of the best equipped university rowing clubs in Australia, with over half a million dollars of equipment under its care.

# CAVING

**REGISTERED MEMBERS**

**85% STUDENT**

Despite challenging conditions in multiple lockdowns and cave closures, ANUCC had strong and consistent attendance and involvement throughout the year. With a strong core of regular members, we remained one of the most active caving clubs in the country, maintaining regular training and activities despite not being allowed in most of our regularly visited caves.

Attendance at our weekly rope training sessions has increased by 31% from an average of 8.6 members per session in 2020 to 11.3 members in 2022. Our most popular session in 2021 was attended by 26 people.

During the ACT lockdowns, the club managed to maintain a strong sense of community and hosted 9 successful online trivia nights via Zoom. When restrictions were eased, the club visited some great caving and bushwalking locations which was highlighted by a 2-week trip to Tasmania. Other locations included: Jenolan, Wee Jasper and Yarrangobilly.

Overall, the year was a great success for the club, demonstrating resilience and a strong sense of community while confronting the challenging circumstances of bushfire-torn and locked down Australia.

# CHEER

**REGISTERED MEMBERS**

**100% STUDENT**

Like all sport in 2021, ANU Cheer had a challenging year. However the club grew and created strong structures and traditions to continue into 2022.

This year, we successfully filled one recreational team, one pom team, one team to compete at UniSport Nationals and one to compete at AASCF States, Spring Carnival, and Nationals. Due to the ongoing impacts of the COVID-19 pandemic, club activities were disrupted and altered, including the cancellation of competitions. Regardless, we consider the growth of our athletes, both personal and in numbers, to have made 2021 a success for ANUCC.

We started off the year performing stunts and chants at Market Day, which proved to be a great success, having many new athletes participate at our Come and Try events. 2021 turned out to be the club's biggest year yet in terms of members: with over 40 athletes trying out for our competitive teams alone, we had the opportunity to create a new competitive cheer team to co-represent the ANU on state and national levels.

Our club members have proudly participated in various community activities, including volunteering at the Canberra Times Marathon, and donating blood and plasma in the ANU Sporting Clubs Blood Donation Challenge in collaboration with Australian Red Cross Lifeblood. We had more local community activities planned which were unfortunately cancelled due to lockdown, including running ANUSA's Universal Lunch Hour.

The club also established a greater presence on social media through the launch of the ANU Cheer TikTok account (@anucheerleadingclub) and by keeping our members up to date via regular posts on Facebook and Instagram. Overall, the club overcame numerous challenges and became stronger for the year ahead.

# CRICKET

**REGISTERED MEMBERS**

**48% STUDENT**

The club experienced a large influx of new players and formed our first women's team in many years. This meant that the club fielded eight teams, the largest number in living memory (possibly ever).

On field, 2nd grade won the One Day Premiership in January and made the semi-finals of the T20 competition. 3rd grade had a good season, making the semi-finals of both One Day competitions but did not progress in either. Other grades toiled hard.

The new women's team created a strong spirit and enjoyed their first win in the later part of the season.

We also had three players with representative honours:

- Hanno Jacobs was selected for the ACT Comets in the national 2nd XI competition.
- Dan Leerdam and Eric Bell also played for ACT representative sides.

After the disruption of the last two seasons (2019-20 with bushfires and 2020-21 with COVID), it was hard to foresee 2021-22 being even more unpredictable. But it was. The combined effect of La Nina and COVID made

2021-22 a difficult season to play and administer. More than 30% of games were abandoned due to rain (which only seemed to fall on Friday night or Saturday) and from January a significant number of players missed games due to illness or isolation measures.

The cricket scholarship was awarded to Sarah Turner from New South Wales. Sarah played in both the new first grade women's competition (scoring a hundred in one game) as well as in the men's competition. Our other scholarship holder, Hanno Jacobs, had an outstanding season with ANU taking 18 wickets at 16.2 and scoring 192 runs at 19.2.

Match milestones this year included:

- Chris Emery playing 300 matches.
- Sam Collett, Joe Wright, Ujjwal Devliyal, Jeremy Platt and Eric Bell each playing 50 matches for the club.

The club is grateful to both ANU Sport and the new pitch curator who did amazing work to improve the North and South Oval pitches, making them two of the best ovals in Canberra. Thanks to ANU Sport, MEJ, The Tradies and the RUC for their continued support.

# CYCLING

**REGISTERED MEMBERS**

**93% STUDENT**

The cycling club competed in several road races, receiving several Podiums at the Tour of Mansfield. No mountain bike races were competed in under the ANUCC team.

The cycling club travelled to Tasmania for two weeks where a crew of ten mountain bikers spent two weeks sending some of the gnarliest trails in the country. After a week riding the trails in Derby, we then drove to Maydena and did three days of riding there. Pleasingly, travel and accommodation costs were below \$400 per person including flights and boat passage

making this a very accessible trip for our members. Overall the trip was a big success, fun was had by all and almost all of the bikes survived.

Throughout 2021 there have also been a couple of road races, Jindabyne trips and bike packing trips. The club has recently started hosting monthly repair nights, which have been very successful and are a fun evening for all. The cycling club has several big events on the horizon and is very much looking forward to 2022!

# DANCE

REGISTERED MEMBERS

100% STUDENT

In the first half of the year the team travelled to Sydney for the AASCF Winterfest Dance & Cheer Competition. We entered three routines and came away with a 3rd place in Jazz, a 4th place in Lyrical and 2nd place in Hip Hop.

In early November the team took part in the Ultimate Twirling Challenge Competition, in which we had a great competition placing 1st in Lyrical, 1st in Jazz, 1st in Hip Hop & Highest Scoring Entry Award for our Hip Hop routine.

In November the team also competed at the

AASCF Virtual Nationals, where we competed in three different categories, Hip Hop, Lyrical and Jazz. The team placed 3rd in Hip Hop, 3rd in Lyrical and 5th in Jazz. This was our last competition for 2021.

We were unable to compete at UniSport Nationals in 2021 as they were cancelled due to the the COVID-19 pandemic, but can't wait to get back out there in 2022 and compete again.

# FENCING

**REGISTERED MEMBERS**

**51% STUDENT**

ANU Fencing Club had a successful 2021, navigating numerous challenges but ending the year with an expanded membership and a healthy financial situation.

Firstly, there were 65 fencing club members in 2021, a forty percent increase over 2020. This was the result of strong community engagement, and a higher level of beginner course retention. The club also ran several social events through the year. The aim of these was to assist with integrating new club members with more experienced ones. Unfortunately, this success was somewhat limited by the cancellation of the semester two beginner course. We look forward to an uninterrupted 2022 and further levels of engagement. The club was blessed to have several experienced coaches this year who were greatly beneficial to the club's training. Mark Booth, Jeremy Sadler, Kate Kurtis, Emilio Lapitan, Rose de Kantzow and Oli Chan all made a huge impact on our beginner cohort and more experienced fencers. As the club looks to return to competition in 2022, their guidance will be of great use.

Looking forward to 2022, we are keen to return the club fully to its pre-pandemic glory. There are challenges ahead such as changing training times, but we aim to keep up the momentum and continue to grow.

# FOOTBALL (M)

**REGISTERED MEMBERS**

**40% STUDENT**

The ANU Men's Football Club remains the largest men's amateur football club in Canberra and achieved great success in 2021 with the NPL2 side finishing second and premierships to Division 1 Reserves, Division 3 and Division 4. The Club was named Men's Senior / Community League Club Champions for 2021.

The NPL2/CPL program has undergone significant changes as a result of the tireless efforts of the NPL2/CPL sub-committee, and both the first team and U23's look well-placed to compete in their respective leagues in the future.

As students returned to campus, the demand for participation among the student community increased, resulting in further expansion of the Club. The Club thanks ANU Sport for providing additional access to Fellows Oval to accommodate new teams. Many long serving members graduated into the Master's Grades in 2021, adding a record 4th Masters team to the Club with representation in Capital Football's three master's divisions as well as Masters Over 45s.

Over the past few years, the Club has achieved several of the strategic objectives established in the 2020-22 strategic plan, which is available on our website. This includes:

- The establishment of a club canteen for matchdays on South Oval.
- The retirement and replacement of all club kits.
- The establishment of 4 new multi-year partnerships with local businesses.
- The increase in our Summer 9s participation from 4.5 divisions to 6 divisions.
- The ratification of our new constitution at the AGM in October 2020 and the incorporation of the club in 2021.

The ANU Men's Football Club has a zero-tolerance policy towards racism. The Club continued our partnership with the Australian Human Rights Commission's Racism It Stops With Me campaign. As part of this initiative, the Club has mandated that all members of the

Club's Leadership team complete inclusion training. In addition to campaign branding on emails, social media and the Club website, all Club kits from 2021-2023 will brandish the Campaign logo to show that Racism has no place in sport.

In 2022, ANU FC is celebrating its 60th anniversary. As part of this celebration, there will be a series of events throughout the year designed to celebrate the history and the current activities of the Club. This includes the preparation of a series of specific 60th anniversary merchandise.

ANU Women's Football Club was established in 1978 and has been participating in Capital Football competitions ever since. We provide a fun and friendly atmosphere for players to participate in football and develop their game. Our club has been growing rapidly, increasing from 11 teams last year to fielding 12 this year. Our club alone accounts for approximately 20% of all teams in the Capital Football Women's State League competition.

Under the newly created social sub-committee, our club's social calendar has expanded from 3 events a year to 6 events, including the Matildas watch parties at the Hellenic, and the movie night!

We also created some new initiatives for our club, including a Player Welfare Officer position (focussing on player wellbeing), a Sports Trainer initiative (aligning ourselves with semi-professional clubs) and a non-training team for women returning to football after an extended break, a great initiative for those returning from maternity leave or prolonged injury.

Our season was unexpectedly shortened due to lockdown in August, but we finished with 5 teams in the top 4 out of our 6 divisions, including our State League Division 2 team taking out the top spot under Coach Richard!

We look forward to hosting more events in 2022, including Matildas watch parties (a very exciting match against the New Zealand Ferns took place in Canberra on 12th April), a lawn bowls preseason event, a pub crawl with the men's football club (ANU FC), our annual trivia night and many more!

Thanks to our committed members, ANU Futsal club had a spirited start to 2021 and rebounded quickly after the COVID lockdown. With membership numbers remaining steady throughout the year, the club was prompt to recommence training and participation in the 2021 Capital Football Futsal Competitions when restrictions eased.

ANU Futsal Club entered teams into the Division 2, Division 4, and Social Mixed winter competitions. All teams gave a fantastic performance, with the Division 2 team placing second, the Division 4 winning their competition, and the Social Mixed Team demonstrating substantial improvement over the competition. ANU Futsal Club competed in Division 2 (Open's) and Division 1 (Women's) competitions during the summer season. The Division 2 team convincingly placed second in the premiership but was unfortunately knocked out in the semi-finals. The Women's team showed great adaptation to the Division 1 competition, having previously played in the Division 2 or Social Mixed competitions.

Whilst our competitive stream kept busy representing the club in Capital Football competitions, our social stream was also scoring goals of their own. This year the social stream was introduced to the Social Side Guidelines.

These guidelines were put in place to ensure an enjoyable and friendly environment, and to facilitate the continued growth of our social stream. Social sessions were held multiple times a week and the social stream remains the largest aspect of the ANU Futsal Club.

ANU Futsal Club has put dedicated coaches and women's-only training sessions in place to foster our women's program. The women's program has at times struggled to maintain stable numbers, but despite this, our female players have demonstrated significant development over the year. They have showcased an admirable enthusiasm to the sport, competitions, and the training sessions. At the end of 2021, the club elected a 50% female executive team – the greatest female representation the club has ever had.

With new members gradually joining the club each year, it continues to evolve and change. ANU Futsal Club decided to change their logo to keep up with this development.

Overall, ANU Futsal Club had a slow but steady year, consolidating and strengthening its foundations and is ready for another successful year in 2022.

After a delayed start and a shortened season in 2020, hopes were high that hockey in 2021 would be different. Alas, it was not to be. The competition got through 18 rounds with limited COVID protocols but sadly we did not quite finish off the final games of the season, missing the final three matches of the year. Despite this disruption, 2021 saw the Club go from strength to strength. While we still are not winning as much as we might like, we are laying the foundations for some strong years ahead.

Unfortunately, the Club did not achieve any premierships in 2021 but was relatively resilient in a COVID disrupted year. The Club entered 8 teams across six divisions, as well as two veterans' teams. SL3 grade was relatively successful, winning 8 games in a row at one point.

The Club produced two representatives in ACT under 21s, three in ACT under 18s. Our

goalkeepers featured strongly in these teams with Max Robson and Kieran Hammond securing both under 21 goalkeeper spots. Max, Ben Ward and Jacob White were also selected in the under 18s ACT side, while Max Robson and Pat Wilshire were selected for and performed outstandingly in the HACT all-star matches.

One positive initiative was the investment in a ball machine to continue developing our impressive assortment of goalkeepers.

We had several successful social events through the year before COVID and were able to have an outdoor presentation evening to close out the season.

The Club is grateful for the support of our sponsors, the Hellenic Club and Bunyip Toys. We also thank Kitty and the ANU Sport team for their financial, organisational and moral support.

We cater for all ages, playing abilities and welcome players from all walks of life - our lofty aim is to be the most inclusive and fun-loving club in Canberra.

We had an amazing season in 2021, despite COVID-19 continuing to disrupt the year. We fielded an extra three teams in the Hockey ACT women's outdoor competition compared to last year, with our membership growing to 175 players. Although lockdown ended the season early, of our 11 teams across 6 grades, 5 finished in the top 4 on the ladder - an incredible result!

Despite representative opportunities being at a minimum this year, members of our club still continued to impress with club members playing in the Hockey ACT U18s and U21s, Australian Country, Canberra Chill, and Hockey ACT All

Stars teams as well as representation in umpiring the national U18 tournament. Club members also picked up Hockey ACT awards. Our Capital League 1 team and coach Wally Gaynor were awarded 2020 team of the year at the ANU Blues awards, having won a standout three premierships in a row.

The club managed to run several fundraising and social events throughout the season. Our annual trivia night returned, raising money for the club and giving us a chance to test our wits against the men's club. Members also volunteered to marshal at the Canberra running festival and sold chocolates to fundraise for the club. Whilst our plans for a big presentation night were scuppered, teams still met for picnics to celebrate the achievements of the club over zoom.

# JUDO

**50% STUDENT**

The club was able to train twice a week for most of the year except for a two-month break in semester 2 due to the pandemic. As this was the second year that training was under COVID protocols, club members readily adapted to our COVID Safe regime which included emphasis on participant health and hygiene with temperature checks, use of sanitizer, revised training routines in line with the level of vigilance and the cleaning of mats.

Membership reached a club high of 46 and we were able to run three beginner courses with the last course interrupted by lockdown. Although

most competitions including UniSport Nationals were cancelled during the year, the club was well represented by 10 competitors at a local ACT event in May where 4 club members medalled.

Attendance was strong all year during the pandemic, and we were able to congratulate 23 with their first grade and a further 8 with their second grading. The club was active on the social scene and held 4 functions which included lunches and a barbeque. The club will hopefully return to normal operations in 2022 and match our achievements of past years.

# JUJUTSU

**REGISTERED MEMBERS**

**44% STUDENT**

The ANU Jujutsu Club's year started strong with 18 participants in our Semester 1 Intro short course, many of whom extended their participation and joined the club. A further 15 people joined the Intro course for Semester 2. While the Semester 2 course was interrupted by COVID lockdowns, several participants recommenced their training when lockdown lifted and were keen to continue.

Over the year, around 30 members of the club participated in training, outside of the Intro course. Of those members, around half were student members. Throughout the year, students trained hard, and many gradings were achieved. The gradings were of a high calibre showing that students had dedicated themselves to improvement within the art. Several ANU Jujutsu Club members were awarded their Shodan (black belt) gradings, training for which continued through lockdowns, with people working individually in their homes to prepare.

The 'Morgan Ross Memorial' trophy is awarded each year to the member who has made the most valuable contribution to the club. In 2021, it was awarded to Daniel Parker, who is head coach of the club – he attended nearly every training session and put in countless hours behind the scenes to keep the club running, including assuring the welfare of members, club responsiveness and adaptability to the challenges this year brought.

Despite a disrupted year, the mood of the club remained positive, and much was achieved both as a club, and individual progression in the art. Throughout COVID lockdowns, members remained in contact with each other, and helped wherever they could, highlighting the importance of the club and art in many of our lives. The transition to the UniOne platform for management of membership and Intro course students was a major and successful change this year – making certain aspects of managing memberships considerably easier.

**43% STUDENT**

The ANU Kendo Club is currently one of two Kendo clubs in the Australian Capital Territory that are affiliated with the Australian Kendo Renmei (AKR) and the International Kendo Federation (FIK) through the ACT Kendo Renmei Incorporated (ACTKR). The AKR is the recognised national body for Kendo by Sports Australia.

During 2021 the ANU Kendo Club continued to face challenges presented by the COVID-19 pandemic by refreshing our COVID plans on multiple occasions and supplying them to ANU Sport and the State Sporting Organisation, the ACTKR. The club was impacted by the ACT lockdown in the second half of 2021, causing us to not host our second Intro to Kendo short course of the year. However, we were able to return quickly to normal practice, whilst adhering to guidelines, once the restrictions had eased.

During 2021 the ANU Kendo Club also:

- Conducted one Intro to Kendo course in Semester 1, with 36 participants, 11 of which joined ANUKC following the completion of the course.
- Welcomed two international visiting instructors, Heini and Akseli Korhonen, who joined us from Finland, and are both 6 Dan.
- Had an increase in continuous training from kyu grade individuals compared to previous years.
- Held a grading in which multiple kyu grade participants achieved higher grades.
- Both Jularaj Suthibutr and Tamaki Watanabe graded to 4 Dan at the Victoria Kendo Renmei State Grading in March, with Chris Doyle grading to 3 Dan in April.
- Did not compete in any major competitions due to COVID-19 restrictions and events being cancelled due to COVID-19 concerns.
- Held a 'Come and Try' event in February that had a significant turnout and increased interest for our Intro to Kendo course in Semester 1.

- Sadly, the club saw the Departure of our previous Club President, Darren Boyd, who moved overseas. James Blair, previously the Vice-President, stepped into the role of President following Darren's departure.

The ANUKC had a collaborative training session with the University of New South Wales Kendo Club, who travelled to Canberra and joined us over a weekend in December. This was the first major inter-club event that ANUKC had participated in since that start of the COVID-19 Pandemic.

ANUKC shall focus on the following initiatives leading into 2022:

- Continue to monitor the changing COVID-19 situation and ensure all steps are taken to minimise risk to our members and the wider ANU community.
- Continue development of a core female team to participate in events on a club, state, and national level.
- Continue the club's development of kyu grades to participate in events, especially at the university level, but also at state and national levels.
- Endeavour to host more collaborative trainings or events with other clubs or attend events of that nature hosted by other clubs, similar to the training event with UNSW Kendo Club in late 2021. This would be especially beneficial for junior club members to meet students from outside of the club and ANU, and to form new friendships that can stay with them as they improve their kendo over many years.

# KUNG FU

**REGISTERED MEMBERS**

**79% STUDENT**

The ANU Kung Fu club is a self-defence orientated martial arts club for students and members of the ANU Sport and Recreation Association. We strive to be a modern, combative art — an integrated combat system that combines striking, grappling and weapons defence strategies for a variety of ranges and situations. Progressive in our approach to training, we emphasise effective fighting methods and concentrate on the rapid acquisition of practical techniques. We don't train specifically for sporting events, although some of our members have competed at national and even international levels.

We have an active club membership, train every week of the academic year, and engage in frequent social activities as well. Our students are expected to nurture a club atmosphere of mutual respect and cooperation. We are non-competitive, and no grades or coloured belts, are awarded.

In 2021 the club continued to maintain a steady, albeit small, membership base despite the effects of lockdowns and the loss of foreign students. Financial help from ANU Sport really helped us cover our costs later in the year and we are hopeful that membership numbers will rebound in 2022.

# MOUNTAINEERING

**REGISTERED MEMBERS**

**81% STUDENT**

The ANUMC has seen a large decline in its membership over the last two years. In 2019, the club had nearly 600 active members but as of now, the club has 150 paid members of which around 80% are students. The club has also faced the challenge of moving from ANU Sport's previous membership system, active carrot, to UniOne, which has led to some difficulties in integrating our website's membership system into the new database. It is my hope that with greater national and international mobility, we will see many more new members in the future and a more vibrant community will re-emerge in the coming years.

Despite the impacts of COVID, the club has remained in a financially stable position and is well prepared to meet future challenges. The cost of running the club this year has been largely offset by the reduction in activities and facility hire, as well as the addition of a belay fee to recoup some of the costs of running the climbing wall. As a result, the club has been able to remain in budget and enable regular expenditures such as gear purchases and subsidies for the Adventure and Training Fund. A big thank-you to Ashley Barnes for organising club finances so well this year and modernising the Gear Store with a new Eftpos machine. In 2020, the ANUMC and other sport associations on campus were informed that funding by ANU Sport would be reduced and that self-financing would become far more important for clubs going into the future.

The club thankfully will be in a good position to meet this challenge, as its assets and general culture of self-sufficiency will give the ANUMC time to adjust to this new policy.

In addition to the weekly kayaking and climbing, the club was able to field many trips across almost all of the activities the club offers. Our traditional start of year trip for beginners went ahead as the Kangaroo Valley Escape which proved a great success. The river-side camp spot was beautiful, and participants were able to sample bushwalking, canyoning, climbing and kayaking all in one huge weekend.

The winter season proved extremely busy with seemingly a ski trip seemingly going ahead every weekend. A bumper season with quieter-than-usual slopes meant many could explore the Snowy Mountain's playground, culminating in many backcountry excursions and a social night in the snow at La Fiesta de Gooandra. A thank-you to Kartik Gupta and Gabriel Bartholazzi for organising such a lovely trip.

Lockdown itself did not stop our members outright from keeping in contact and interacting with the community. Jaxon and Shub's excellent trivia night was a highlight of the lockdown period and an excellent boost to spirits in a time when the outdoors was out of reach for many of us.

# NETBALL

**REGISTERED MEMBERS**

**99% STUDENT**

ANU Netball had a successful start to the year despite an early end to our internal and external competitions. We started the year with a successful market day, gaining a lot of interest for all our activities. External trials ran early in term 1 and we were able to field three teams in the Netball ACT Monday evening Social Competition and Saturday afternoon outdoor competition. All teams were going well and attendance at trainings improved from previous years.

Our internal competitions, both Mixed and Ladies\*, received a huge amount of interest with more than 200 and 100 participants in each competition respectively. Due to demand, both competitions required waiting lists and it was great to see consistent interest despite the turmoil of the previous year. Competitions were both social and high quality thanks to the work of our umpires and committee. These competitions ran successfully until a few weeks into term two when they were unfortunately forced to end early due to COVID.

At our AGM we were very proud to update our policies to ensure that our Ladies\* competition

was open to all who identified as women and ensure that we can create a safe space for people to engage in social sport.

Our intervarsity engagements started off well with Black Mountain Battle and we were grateful for the opportunity to engage in intervarsity competitions early in the year. Our UniSport Intercarsity teams were sad to miss out on attending Nationals in 2021 but got the opportunity to compete in both an InterVarsity social competition in November 2021 and the NSW Nationals one-day tournament organised by UniSport in December 2021, where we competed against several Division 1 teams and came away with a win in one of our four games for the day.

We kicked off our social calendar with Net-Crawl, combined with ANU Basketball and the event was a great success. Ticket sales were positive and it was awesome to see some inter-sport mingling between the two clubs. Unfortunately, we were unable to host our annual Net-Ball due to COVID lockdown in Canberra, but we are excited to bring it back in 2022.

# QUIDDITCH

**REGISTERED MEMBERS**

**67% STUDENT**

The ANU Quidditch club started the year strongly, attending multiple QNSW tournaments and having some great contests against NSW teams – a welcome change from the COVID affected 2020. The ability to travel and play interstate for the first time in a long time was an excellent way to kick off the year. In addition to this, we also hosted our internal ANU Quidditch Cup in April, which was a well-attended event. In 2021 the club also continued to run quidditch matches and other quidditch outreach programs, which included school visits and a birthday party.

Although the club planned to take the team to UNQC's Midwinter Tournament for what would be the first time in several years, we were foiled by the onset of COVID in Australia. The second half of the year was a difficult one for the club, with plans to host another quidditch cup needing to be scrapped and the ongoing lockdown in Canberra limiting our activities.

Despite these challenges, the club has bounced back stronger than ever, with a contingent of new players joining the sport ready for the 2022 season, and plenty of sporting and social events being planned for 2022. With more NSW Quidditch League tournaments upcoming and the ANU Quidditch Cup on the horizon, it is an exciting time for the quidditch club, and we look forward to another fantastic year.

# RUGBY

**REGISTERED MEMBERS**

2021 was a great year for the UNI Norths Owls. Our playing numbers were at record levels with the club fielding six men's sides and two women's sides. Financially, the club is in a good position and our volunteers were getting the recognition they thoroughly deserve. The only disappointing aspect of the season was that as we were entering the finals well positioned to challenge for premierships across all grades, the season was cancelled as a result of COVID-19. Our women's Premier team had won the minor premiership, our women's 10s team had won their first final in extra time and four of the six men's sides had made the semi-finals.

The club's success was reflected in the MacDougall Medal Awards which saw:

- Our Premier women's team being acknowledged for winning the minor premiership.
- Sam Rolfe winning the First Grade coach of the year award.
- Our First Grade captain Will Sankey winning the MacDougall Medal for the "Most Outstanding Player in Premier First Grade".
- Jordan Thompson winning the award for the top point scorer in First Grade.
- Watson Blaikie, our legendary Canteen Manager, being recognised as the ACTRU Volunteer of the Year.

During 2021, we used home games to acknowledge our past with the highlights being the luncheon to celebrate the 50th anniversary of Norths beating Queanbeyan in the 1971 Grand Final, old player's day and the heritage round.

The club's committee is focussed on playing rugby, but we also recognise that we are a small but expanding community (once an Owl, always an Owl). The committee turned its mind to player welfare and in 2021 Michael Axelsen was appointed Welfare and Cultural Ambassador and the club engaged an Employee Assistance Provider to provide online services and counselling to our players on a confidential basis. Also, as a result of some significant work during

**19% STUDENT**

2021, the Executive Committee has approved the expansion of our player welfare program for 2022 to trial a Medical Expense Fund with the purpose of providing financial support to our players who are injured while playing for the club.

The Club's Executive would like to acknowledge and thank:

- Our sponsors – their support financially and through other means makes a significant difference to how we approach a season and is one of the key reasons behind our success.
- The committee – who do an amazing job and without their efforts the Owls wouldn't be where we are.
- Our volunteers – we couldn't ask for a better bunch of volunteers. Our volunteers are a selfless but integral part of our community.
- The Medical team - who do an amazing job looking after our players and we appreciate the care and professionalism they bring to their role.
- Coaches/Managers - who engage, nurture and prepare our players. Their contribution and effort can never be underestimated.
- Owls players - who play rugby the way it should be played. They are fantastic individuals who contribute to the club in many ways and embody our I-SHARE values

Three outstanding club individuals should be acknowledged for their roles during the 2021 season. Firstly, Iris Verebalavu and Findlay Doyle who did a fantastic job as club captains. They did all that was asked of them plus some more over the past two seasons. In a similar vein, the Club's Executive would like to thank Michael Axelsen for stepping in and taking on the role of Acting Treasurer. These club members are significant contributors to our strong, positive and growing club culture and we continue to use our I-SHARE slogan (Inclusive, Supportive, Honest, Accountable, Respectful, Enjoyment) to help understand the values that are important to Uni Norths Owls. HOOT HOOT!

# SAILING

**REGISTERED MEMBERS**

**65% STUDENT**

Whilst the continued challenges posed by COVID-19 over 2021 limited the Club's additional student recruitment and engagement efforts, the ANU Sailing Club was able to retain an active membership across the year.

As Canberra slowly opened up, our members were quick to jump back out on the water, whether it be for the Twilight, Sprint, or Champion Race Series on Lake Burley Griffin (LBG), just to have a relaxing sail, or to simply enjoy a change of scenery. Members took full advantage of our available boats, with our Laser fleet now being accompanied by our newly solidified Sharpie fleet as mainstays on the lake, our Tasers, Windsurfs, and 470 have also become increasingly popular over the season. We're very excited to welcome our newly refurbished Contender to the Club over the coming months and we have ambitious plans to expand our offering to include a fleet of Pacers to bolster our Teams Racing presence, training opportunities, and our capacity to deliver strong results at the upcoming UniSport Nationals. This is in addition to the 3 new inflatable SUPs and 2 Kayaks we recently procured to support casual lake activities.

Thankfully Canberra was able to reopen by the end of the year, allowing the Sharpie Nationals (previously postponed a year) to go ahead without a hitch. Even though almost 100 competitors came down to Canberra for a week of competitive racing, the Club was still able to stand out. Our members, spread across 6 boats, delivered exceptional results with members including the forward hand on the now-National Champion boat and the skipper of the winning boat on handicap. The Club's two sharpies, including newly acquired "The Bear," were also competitive in the fleet, both just points away from each other and in the top third by the final day.

It was pleasing to see the first post-pandemic regatta have such a strong turnout, both nationally and from the Club, which is a testament to the strength of the club. There's no better time to get involved with Sharpies or with the ANU Sailing Club, with the Club providing access to boats and social occasions while hosting extraordinary talent, all of whom are eager to welcome new sailors and hone your sailing skills. We're looking forward to 2022, with further opportunities to expand our membership by bolstering the facilities and boats available.

# SCUBA

REGISTERED MEMBERS

29% STUDENT

The ANU Scuba Club has had a successful year, managing to run 14 local trips, and an unprecedented two fortnight-long trips to Lady Musgrave Island which were the highlights of the year.

It was particularly pleasing to be able to offer our members these experiences during a period that was threatened by COVID-19 and poor weather conditions related to La Nina. The two trips to Lady Musgrave Island had 51 divers participating and in some cases their families accompanied them, giving a total of 68 participants. The club also purchased a new back up compressor and is in a sound financial position. The club is also on track to purchase a replacement dive boat in the second half of 2022.

# SNOWSPORTS

**REGISTERED MEMBERS**

**97% STUDENT**

2021 started off as the biggest year in the history of the club. We did our best to cater to the large number of members, significantly increasing the number of events and trips we offered.

Due to the lockdown in the second half of the year we had to cancel several of our on-snow events. However, events such as Jindy Trip,

Beginner's Weekend in Perisher, and Uni Week in Thredbo were great successes, with members coming out, hitting the slopes (or the streets of Jindabyne) and having a fantastic time. Friendships were made, laughs were had, and the new executive are excited about continuing the good vibes in 2022.

# SWIMMING AND WATER POLO

**REGISTERED MEMBERS**

**85% STUDENT**

2021 was a fantastic year for the ANU Swimming & Water Polo Club! Go Owls!

The club successfully rebranded to include the addition of water polo at the beginning of the year allowing for increased growth of membership, accruing 41 members. In addition to the growth in membership, the club completed its incorporation as an Association and affiliated with Water Polo ACT.

The water polo program was a great success, and we would like to thank the support of ANU Sport and Water Polo ACT who enabled us to enter 2 women's and 1 men's team in Division 2 of Water Polo's ACT Summer Competition – the second tier of the ACT's premier club competition. The club entered numerous teams in the Water Polo ACT University Cup with our friends from the University of Canberra and ADFA, helping to

grow the sport of water polo in the ACT. The club also maintained regular social swimming sessions throughout the year for the first time since the COVID-19 pandemic hit Canberra.

The ANU Swimming & Water Polo Club has had an extremely strong year in swimming, water polo and social events which has attracted enthusiastic and excited membership from the broad student community and plans to expand based upon this solid foundation in the year to come. The board of the ANU Swimming & Water Polo club is ecstatic with the growth in membership and community at the club in 2021 and cannot wait to hit the ground running in 2022 to continue the work which has begun.

Hoot Hoot!!

# TABLE TENNIS

**REGISTERED MEMBERS**

**100% STUDENT**

The year started off decently for the ANU Table Tennis Club, despite the player count still being affected by the COVID situation.

Three 2-hour sessions a week were able to be run with a consistent turnout, and the Club was able to run a semester 1 tournament, the first in a while, which was a great success with many players competing. Training sessions continued at the start of semester 2, with the success of the first table tennis tournament, prompting the creation of the semester 2 table tennis competition. Unfortunately, a snap lockdown in the ACT meant that this tournament was unable to go ahead, further leading to the cancelling of all table tennis sessions for the rest of the semester.

Fortunately, a first tournament was able to be played, and hopefully next year will see more table tennis members, more engagement, and more tournaments. Hoping to avenge last year's defeat, the Club also participated in the Black Mountain Battle against the University of Canberra but alas, we were beaten again. Nonetheless, the Club looks forward to playing again and plans to win in 2022.

2021 was also a transitional period for the Club as the current president graduated, leading to new committee members for 2022.

# TENNIS

**REGISTERED MEMBERS**

**89% STUDENT**

The ANU Tennis Club implemented a marketing strategy for our membership sale and had great success, which put the club in a better place financially early in the year. We introduced ANU Pennant which gathered many passionate players.

In 2021, ANU Tennis Club (ANUTC) utilised a new pricing structure to encourage purchases of full memberships to the club. The social membership was raised from \$80 to \$90 and the full membership was dropped from \$140 to \$130. This led to an increase in full memberships from approximately 50% in 2020 and prior years to 70% in 2021. Additionally, a prize raffle was held at the start of 2021, with various prizes being drawn for members who signed up early in the year. This led to a 20% increase in membership revenue, with 73 club members in 2021. Of these members, 65 (~90%) were ANU students.

During 2021, the ANU Tennis Club developed an automated online application for the ANUTC Ladder, which provides a platform for ANUTC members to play singles competitively.

Furthermore, a web-app and a phone app were developed to run the new club event to provide another friendly environment for competitive team play – ANU Pennant. One round of ANU pennant is played each Wednesday and Saturday during a 10-week season. Each player is designated to a grade based on a grading session run by the ANU Tennis Club coach and matches recorded for the ANUTC Ladder, with the opportunity to reach a higher grade at the end of each season. Each round is structured with the match style of Tennis ACT's Canberra Tennis League, with four teams of three competing each session and teams changing each round.

Due to COVID lockdowns, the 2021 season was suspended, then cancelled.

As a result of the lockdown, in addition to the suspension of the first 2021 pennant season, the ANU Open and UniSport Nationals were cancelled. In addition, ANUTC was not able to host social events to watch matches together.

# TOUCH

REGISTERED MEMBERS

The club was able to enter five teams into the 2021 ACT Winter Domestic Touch Competition. Two of these teams qualified for the A Grade competition and finished 4th and 6th. The club was also able to secure a victory in the Black Mountain Battle against UC. We had 3 members play touch football at a representative level with Bella Hurwit, Pat McCallum and Kaiwin Zhou all playing Super League for Gungahlin Cats.

As with 2020, club activities were heavily disrupted during 2021 due to the pandemic. The club's priority throughout the year was to try to maintain social and sporting activities in a safe manner. We were able to do so through the ACT Touch Domestic Competition (both winter and summer competitions) and through the Lunchtime Touch competition in first semester.

While restrictions had relaxed in the ACT by the start of the year, ongoing outbreaks in NSW served as a reminder that it was imperative that

we continue to take appropriate measures in organising sporting and social events. Going into 2022, this will continue to be the case. Unfortunately, the ACT entered a territory-wide lockdown on the day that Semester 2's Lunchtime Competition was scheduled to commence. Along with that, UniSport Nationals were cancelled once again. Despite this, participation at training and interest in trialling for the Nationals squad was incredibly encouraging. We had planned to take three teams (Mixed, Women's & Men's) before the competition's cancellation. Luckily, the ACT Domestic Competition was able to go ahead with modified dates. Many of the participants had never played touch at this level previously. The club aimed to give these players an opportunity to play at this higher level and paid particular attention to training our inexperienced players up to a higher standard. We were able to enter three teams in the winter season and one team in the summer season.

# ULTIMATE DISC

**REGISTERED MEMBERS**

**100% STUDENT**

We were able to take 6 teams to our first tournament and fill teams for University Mixed Ultimate Championships, UniSport Nationals and Australian Mixed Ultimate Championships. We had over 15 people trial for the Australian level teams, and many made squads. We were able to run a large social event at the end of the year to celebrate our achievements and the Club.

ANU Sport Blues Awards:

- Small Club of the Year
- Angeline Gonzales - Sports Star of the Year, Half Blue Award, Volunteer of the Year
- Hannah Nandan - Half Blue Award
- Alex Sangah - Blue Award

# VOLLEYBALL

**REGISTERED MEMBERS**

**78% STUDENT**

ANU Volleyball Club has been fortunate to benefit from the continued support and assistance of members from across the player base from the beginner's program through to the premier teams. The Club ran an extremely successful beginners' and intermediate program, including the creation of a formal training program that will be re-used and refined in years to come.

The ANU Volleyball Club also expanded Open League opportunities with an updated training program, additional coaching and an increase in the number of teams entered with seventeen teams in the spring and autumn competitions. The Open League teams provide an opportunity for beginner, intermediate, and advanced players to play with a team of similarly skilled teammates, the perfect platform to learn and grow in the sport.

Our men's reserve CVL team returned in 2021, with not just one but two reserves teams. In the women's CVL, we were also able to enter two women's reserve CVL which shows significant

growth in our player base and defines clear pathways for our players up to the premier team. Although the CVL competition was cut short, ANUVC once again entered a highly competitive women's premier team who continued to perform at the top of the table. Both women's reserves teams saw success both in game wins and in team improvement, exploring new tactics and playing systems.

On the men's side, our premier team built on last year's foundation and continues to be one of the most improved teams in the league. Our reserves men's teams were welcomed back and provided opportunities to improve our play as a team and enable Open League players to move up into the more competitive CVL.

ANUVC totalled over 130 members in 2021, a significant increase from 2020, noting that 2020 numbers were impacted by beginners who returned home due to COVID. This is a marked success for our goal of membership retention and a testament to the quality of coaching that the ANU Volleyball Club offers.

**BOARD'S REPORT**

The Board of directors of the Sport and Recreation Board present the financial report of The Australian National University Sport and Recreation Association Incorporated for the financial year ended 31 December 2021.

**1. General information**

**Board of Directors**

The names of committee members throughout the year and at the date of this report are:

**Elected Executive Directors:**

Ms. Jacqueline Williams ( President)

Mr. Neil Parsons (Treasurer)

Mr. Kyle Wood (Vice President)

**Appointed Directors:**

Ms. Rachael Wang (to 26 May 2021)

Ms. Sarah Williams (to 26 May 2021)

Mr. Greg Badcock

Ms. Jenny Church (from 2 July 2021)

Mr. James Brann (from 2 July 2021)

Mr. Jesse Kemison (from 2 July 2021)

**Elected Ordinary Directors:**

Mr. Jonathan Saunders

Ms. Claire Exton

Mr. Tim Banks

**Principal activities**

The principal activities of the association during the financial year were the provision of sport and recreation facilities and services to students and staff of the university, and graduate and associate members of the association.

**Significant changes**

No significant change in the nature of these activities occurred during the year.

**Operating result**

The deficit of the Association for the financial year amounted to \$ (135,252) (2020: Surplus \$ 280,952).

AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION

BOARD'S REPORT

Events after the reporting date

There are no matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Association, the results of those operations or the state of affairs of the Association in future financial years.

Signed in accordance with a resolution of the Board of Directors:

President: 

Treasurer: 

Dated this 13 day of APRIL 2022

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

The financial statements cover Australian National University Sport And Recreation Association Incorporated as an individual entity. Australian National University Sport And Recreation Association Incorporated is a not-for-profit Association incorporated in the Australian Capital Territory under the Associations Incorporation Act (ACT) 1991.

The functional and presentation currency of Australian National University Sport And Recreation Association Incorporated is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

**1 Basis of Preparation**

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards – Simplified Disclosures and Associations Incorporation Act 1991.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs. It does not take into account changing money values or, except where stated, current valuations of non-current assets.

**2 Summary of Significant Accounting Policies**

**(a) Revenue and other income**

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow in the Association and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

**Sale of goods**

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

**Rendering of services**

Revenue in relation to rendering of services is recognised depending on whether the outcome of the services can be estimated reliably. If the outcome can be estimated reliably then the stage of completion of the services is used to determine the appropriate level of revenue to be recognised in the period.

If the outcome cannot be reliably estimated then revenue is recognised to the extent of expenses recognised that are recoverable.

**Subscriptions**

Revenue from the provision of membership subscriptions is recognised when received.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2 Summary of Significant Accounting Policies**

**(a) Revenue and other income**

**Rental income**

Investment property revenue is recognised on a straight-line basis over a period of the lease term so as to reflect a constant periodic rate of return on the net investment.

**Grant revenue**

Grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating. Grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the asset on a straight-line basis.

**Other income**

Other revenue is recognised when the right to receive the revenue has been established. All revenue is stated net of the amount of goods and services tax (GST).

**(b) Income Tax**

The Association is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

**(c) Goods and services tax (GST)**

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

**(d) Inventories**

Inventories are measured at the lower of cost and net realisable value. Cost of inventory is determined using the weighted average costs basis and is net of any rebates and discounts received. Net realisable value is estimated using the most reliable evidence available at the reporting date and inventory is written down through an obsolescence provision if necessary.

**(e) Property, plant and equipment**

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2 Summary of Significant Accounting Policies**

**(a) Property, plant and equipment**

**Plant and equipment**

Plant and equipment is measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by executive officers to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

**Depreciation**

The depreciable amount of all fixed assets including plant and equipment and capitalised leased assets, but excluding freehold land, are depreciated over their estimated useful lives to the Association commencing from the time the asset is held ready for use. Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are shown below:

<b>Fixed asset class</b>	<b>Depreciation rate</b>
Plant and Equipment	5 - 33.3%

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement.

**Right of Occupancy**

The cost of contributions to the items listed in note 8 is brought to account as a right of occupancy. This right of occupancy is on a day-to-day basis. The Australian National University has given no assurance as to the tenure of the Sport and Recreation Association's occupancy over the assets listed in the schedule, that are at present under the Sport and Recreation Association's management and control. The Statement of Financial Position figure represents the amounts spent by the Sport and Recreation Association towards the cost of construction and improvements less an amortisation charge calculated on a straight line basis, for most assets but not all, over 40 years.

The University has the legal right to terminate the right of occupancy in full or in part at any time. Should they choose to do this then the Sport and Recreation Association would be unlikely to recover any of the carrying amount of the assets concerned. As a result the Sport and Recreation Association may not be able to continue its current operations. .

**(f) Financial instruments**

Financial instruments are recognised initially on the date that the Association becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2 Summary of Significant Accounting Policies**

**(f) Financial instruments**

**Financial assets**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

**Classification**

On initial recognition, the Association classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss - FVTPL

Financial assets are not reclassified subsequent to their initial recognition unless the Association changes its business model for managing financial assets.

**Amortised cost**

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Association's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

**Impairment of financial assets**

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost

When determining whether the credit risk of a financial assets has increased significantly since initial recognition and when estimating ECL, the Association considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Association's historical experience and informed credit assessment and including forward looking information.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2 Summary of Significant Accounting Policies**

**(f) Financial instruments**

**Financial assets**

The Association uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Association uses the presumption that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Association in full, without recourse to the Association to actions such as realising security (if any is held); or
- the financial assets is more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the Association in accordance with the contract and the cash flows expected to be received. This is applied using a probability weighted approach.

**Trade receivables**

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Association renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

**Financial liabilities**

The Association measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Association comprise trade payables, bank and other loans and lease liabilities.

**(g) Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

**(h) Employee benefits**

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**2 Summary of Significant Accounting Policies**

**(h) Employee benefits**

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on high quality corporate bond rates incorporating bonds rated AAA or AA by credit agencies, with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

**(i) Provisions**

Provisions are recognised when the Association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**3 Critical Accounting Estimates and Judgments**

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

**Key estimates - impairment of property, plant and equipment**

The Association assesses impairment at the end of each reporting period by evaluating conditions specific to the Association that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

**Key estimates - provisions**

As described in the accounting policies, provisions are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made taking into account a range of possible outcomes and will vary as further information is obtained.

**Key estimates - receivables**

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**A.B.N 97 944 298 310**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

**4 Cash and Cash Equivalents**

	2021	2020
	\$	\$
Cash on hand	300	300
Bank balances	532,845	685,546
Short-term deposits	2,895,377	2,744,616
	<u>3,528,322</u>	<u>3,530,452</u>

**5 Trade and other receivables**

CURRENT		
Trade receivables	95,677	40,360
Provision for impairment	-	-
	<u>95,677</u>	<u>40,360</u>
Deposits	10,959	-
Other receivables	2,780	6,266
Unsecured loan receivables	110,107	149,644
	<u>218,523</u>	<u>196,270</u>

**Provision for impairment of receivables**

Current trade receivables are generally on 30-day terms. These receivables are assessed for recoverability and a provision for impairment is recognised when there is objective evidence that an individual trade receivable is impaired. These amounts have been included in other expense items. Impairment was required at 31 December 2021 of \$0 (2020:\$0).

**Credit risk - Trade & other receivables**

The Association does not have any material credit risk exposure to any single receivable or group of receivables.

Amounts are considered as 'past due' when the debt has not been settled within the terms and conditions agreed between the Association and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Association.

**STATEMENT BY BOARD OF DIRECTORS**

In the opinion of the directors the financial report as set out on pages 4 to 21:

1. Present fairly the financial position of Australian National University Sport And Recreation Association Incorporated as at 31 December 2021 and its performance for the year ended on that date in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) of the Australian Accounting Standards Board.
2. At the date of this statement, there are reasonable grounds to believe that Australian National University Sport And Recreation Association Incorporated will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the board and is signed for and on behalf of the board by:

President

Treasurer

Dated

13th April 2022.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**INDEPENDENT AUDIT REPORT TO THE MEMBERS OF AUSTRALIAN NATIONAL UNIVERSITY  
SPORT AND RECREATION ASSOCIATION INCORPORATED**

**Report on the Audit of the Financial Report**

**Opinion**

We have audited the financial report of Australian National University Sport And Recreation Association incorporated (the Association), which comprises the statement of financial position as at 31 December 2021, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the statement by board of directors.

In our opinion, the accompanying financial report presents fairly, in all material respects, including:

- (i) giving a true and fair view of the Association's financial position as at 31 December 2021 and of its financial performance and its cash flows for the year ended; and
- (ii) complying with the Associations Incorporation Act (ACT) 1991.

**Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Association in accordance with the auditor independence requirements of the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Information**

Other information is financial and non-financial information in the annual report of the association which is provided in addition to the financial report and the auditor's report. The directors are responsible for the other information in the financial report. The other information we obtained prior to the date of this auditor's report was the director's report, no other information will be provided. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**AUSTRALIAN NATIONAL UNIVERSITY SPORT AND RECREATION ASSOCIATION  
INCORPORATED**

**INDEPENDENT AUDIT REPORT TO THE MEMBERS OF AUSTRALIAN NATIONAL UNIVERSITY  
SPORT AND RECREATION ASSOCIATION INCORPORATED**

**Responsibilities of Management and Those Charged with Governance**

Management is responsible for the preparation and fair presentation of the financial report in accordance with the Associations Incorporation Act (ACT) 1981, and for such internal control as management determines is necessary to enable the preparation of the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.
